REPORT  
OF THE  
ROYAL SALOP INFIRMARY,  
SHREWSBURY,

From 1st January, to  
31st December, 1932.

TELEPHONE No. 2056.

TELEGRAMS : INFIRMARY, SHREWSBURY.

WHY not perpetuate the Memory of those dear to you by the Endowment of a Bed or Cot at the Royal Salop Infirmary ?

A Donation or Legacy of £1,000 endows a Bed in perpetuity.

A Donation or Legacy of £500 endows a Cot in perpetuity.

A Yearly Subscription of £50 or £25 endows a Bed or Cot respectively.

Beds and Cots thus endowed are indicated by a Brass Plate bearing an inscription in accordance with the wishes of the Donor or Subscriber.

The Directors earnestly commend this method of perpetuating the memory of relatives and friends.

22502908244

## FORM OF REMITTANCE

To the Treasurer,  
Royal Salop Infirmary,

Shrewsbury.

- Donation.      (a) Please enter my name as a Donor of £ : : :  
                      (b) Please enter my name as a Donor of £ : : :  
New Subscription.      Please enter my name as an Annual Subscriber of £ : :  
Increased  
Subscription.      Please enter my name for an additional Annual Subscription of £ : :  
I enclose my cheque for the amount.

Name .....  
(Mrs., Miss, Rev., Esq., or Title.)

Permanent Address .....

£ : :  
.....

Remittances should be made payable to *Royal Salop Infirmary or Order.*

# ROYAL SALOP INFIRMARY, SHREWSBURY.

## **IMPORTANT NOTICE.**

### **Regulations Governing Visitors to Patients in Hospital.**

---

Owing to the widespread abuse of certain special facilities granted to visitors to patients in the Royal Salop Infirmary, the Board of Management have decided that it is necessary **STRICTLY TO ENFORCE AS FROM AUGUST 1st, 1933**, the rules governing the admission to the Hospital of visitors to patients. This decision has only been taken after the fullest consideration of the question with the House Committee and the Medical Board ; and the Board of Management are satisfied that it is necessary in the best interests of the patients themselves and of the efficiency of the Hospital.

### **The official visiting days of the Hospital are as follows :**

**Wednesday - 2-4 p.m.  
Sunday - - 2-4 p.m.**

Two official visiting cards are given to the nearest relative of each patient on the admission of that patient to the Hospital, and in future no person will be allowed to visit any patient who is not in possession of an official visiting card, and then only during the hours above stated. Where more than two relatives or friends desire to visit a patient, it will be necessary for them to arrange amongst themselves to share the time available for visiting, and to transfer the cards from one to another accordingly.

The above regulations do not, of course, apply to relatives of those patients who are critically ill, in which cases an official request to visit will be given to the relatives ; nor to Ministers of Religion or official visitors of the Hospital, both acting in their official capacity, and the Board of Management earnestly asks the help and co-operation of all Subscribers, Contributors and friends of the Hospital in carrying out these regulations, which are designed solely in the best interests of the patients themselves, for whose benefit the Hospital exists.

By order of the Board,

J. W. NOBLE,  
Secretary-Superintendent.

1932	THE RT. HON. THE EARL OF BRADFORD.

## PRIVILEGES OF SUBSCRIBERS

### SUBSCRIPTIONS

- £1 1s. od. per annum entitles the Subscriber to recommend two patients annually.  
£2 2s. od. per annum entitles the Subscriber to become a Governor and to recommend four patients annually.

### BENEFACtIONS

- £52 10s. od. qualifies an individual Donor for election to a Life-Governorship, with the right to recommend four patients annually.

### ENDOWMENTS

- £25 per annum endows a Cot.  
£50 per annum endows a Bed.  
£1,000 endows a Bed in perpetuity.

THE ROYAL SALOP INFIRMARY.

ESTABLISHED 1745. REBUILT 1830. ENLARGED 1928.

## Annual Report for the Year 1932.

MY LORDS, LADIES AND GENTLEMEN,

The Board of Management have pleasure in presenting to the Governors the 185th Report and Audited Statement of Accounts for the year ended December 31st, 1932.

### OBITUARY.

The distressing part of presenting a Report on behalf of the Board of Management is to preface it year after year with a reference to loss sustained by the Infirmary through the deaths of generous and loyal supporters. The year 1932 has, in this respect, been particularly a severe one, and it is with the greatest regret that I have to refer to the deaths of many good friends of the Infirmary.

I refer to the late Lord Forester, a past Treasurer of the Infirmary ; to the late Col. Lovett, who was for a considerable time Chairman of the Weekly Board of the Infirmary, and who, since resigning from that position, was a member of the Special Board, and always took the greatest possible interest in our doings ; to the late Col. Cureton, who first became Honorary Physician to the Hospital in 1881, and was appointed Consulting Physician in 1910, so that at the time of his death he had to his credit fifty-one years' loyal service to this Institution ; to Mr. W. Dugdale and to Major C. T. Dugdale, gentlemen who always evinced the greatest possible interest in the Hospital ; to Mr. J. B. Lloyd, a staunch and loyal supporter ; and to Mrs. Sowerby, a member of the Ladies' Auxiliary Committee, a Vice-President of the Linen League, and a very great friend of this Institution, and of any other charity which had for its object the helping of the sick.

### STATISTICS.

It is with great satisfaction that your Board report to you another year of progress in the life of the Hospital.

The number of In-patients treated to a conclusion during the past year was 2,019, compared with 2,034 for the year 1931 ; the average number of beds in daily occupation was 136.79, and the average length of stay per patient was 24.74 days.

The comparison of the number of patients treated to a conclusion may at first sight suggest that the Hospital has not been quite so busy, as, in point of actual fact, it has not. The real reason, however, for the slight decrease in the number of patients treated is the fact that during 1931 it was found necessary to incur expenditure of £650 to open a new eight-bed surgical ward, in order to reduce the waiting list, which had accumulated to alarming dimensions, and in a period of six months over 100 patients were admitted to Hospital from that waiting list, which has since remained within manageable proportions.

During the past year we have not had that accumulation of patients to contend with, and the Hospital has been enabled to perform the work required of it with its normal bed establishment.

There is naturally a saturation limit of the volume of work possible in the In-patient Department of the Hospital. The factor which determines that saturation limit is, of course, the actual bed establishment, and with the present establishment it can be taken as a fact that the work performed during the past year is very nearly all that can possibly be performed if we base our ability upon the average length of stay of patients, which, in turn, is determined by the severity of accident or disease.

The Out-patient and Casualty Departments, however, apparently have no saturation limit, and the work of these Departments has again increased during the past year. 1,698 Patients have been received as new patients in the Out-patient Department ; 6,507 patients have been received in the Surgery as accidents and casualties, and 255 patients have attended for dental treatment, making a total of 8,460 patients, who have attended the Hospital 31,762 times.

These figures compare with 8,310 who attended 31,253 times in the year 1931, and are illustrative of the work performed by the Hospital outside of the actual In-patient service.

These figures are also indicative of the amount of work performed by the Visiting and Resident Medical Staffs, whose service to the Hospital alone makes possible its accomplishment.

The X-Ray Department has again worked to good purpose during the year : 2,321 patients have attended for diagnosis by Röntgen rays ; 4,372 skiagrams have been taken, and 1,581 deep therapy treatments given, whilst in the Electrical and Massage Department 579 patients have attended 12,942 times.

These figures again show a marked increase over the number of patients dealt with last year, particularly in the Massage Department, where attendances have increased from 8,631 to 12,942 in a period of two years.

This fact was responsible for my suggesting in my report to you last year the need for enlarging the Massage and Electrical Department, and I am happy to say that that enlargement has now been carried out, and a building has been erected equal in size to the old Department, so that in future we are equipped to handle efficiently the increasing number of patients receiving physical treatment in these Special Departments of the Hospital.

The surgical work of the Hospital is best illustrated by a reference to the number of operations performed during the year under review ; during the past year 1,049 major operations and 210 minor operations were performed in the Hospital, and 45 major operations were performed in the Maternity Wing, making a total of 1,304 operations performed during the year in the various theatres of the Hospital.

The surgical side of the Hospital's work is one which I can definitely report as having worked to its uttermost capacity during the past year, and for that matter, the past few years ; the empty bed in a surgical ward of the Hospital has become a novelty to contemplate, and the theatre and its staff are working the year round practically a twenty-four hour day.

We have, in fact, arrived at a very pertinent time in the career of the Hospital, and the immediate future must decide whether the Hospital can perform the service required of it with its present establishment, or whether our facilities must be increased commensurately with the need.

Certain it is that the pressure on the Hospital in the past year has been dangerously high, and there has never been that safety margin which is so desirable for the confident administration of an Institution of this kind.

The foregoing figures are recorded year by year to give supporters of the Hospital some idea of the volume of work accomplished, and to give them an assurance that the charge put upon the Board of this Hospital by its supporters to administer the Hospital has been faithfully discharged.

This accomplishment, however, is only made possible by the loyal co-operation of the entire Staff of the Hospital, who have worked very hard during the year, in perfect sympathy with their task, and your Board would like to express their thanks to them for all that they have done.

### **FINANCIAL.**

The financial result of the year 1931 was described in my previous report to you as memorable for the fact that for the first time for many years the income of the Hospital was sufficient to meet expenditure, and to leave a small balance in hand ; I am more than happy to report to-day that the past year, 1932, has not only continued that improved financial position, but has actually created a new record.

The total income for the past year amounted to £24,065 8s., and the total expenditure for the year amounted to £23,280 3s. 3d. From these figures it will be seen that the total income exceeded the total expenditure for the year by the sum of £785 4s. 9d.

Comparable figures for the year 1931 are as follows :—

	£	s.	d.
Total income ... ... ... ...	22,741	5	11
Total expenditure ... ... ... ...	21,450	17	6
Balance being excess of total income over total expenditure... ... ... ...	290	8	5

Comparison of the above figures gives evidence of the very gratifying fact that the ordinary income of the Hospital has again increased during the past year.

Emphasis is given to the ordinary income of the Hospital year by year because it denotes the general and regular income of the Institution, which can be budgeted, and which is a very definite indication of the financial position of the Institution, and of what we are likely to receive during any year.

The addition of extraordinary income, *i.e.*, the income which cannot be budgeted for, makes up the total income of the Institution, which also shows an increase over the income of the previous year.

As an indication of the improved position, it is interesting to compare the figures of the past year with those of the year ended December, 1927, *i.e.*, the year immediately preceding the re-organization of the present administration so far as the Board of Management is responsible.

The comparable figures for the year 1927 are as follows :—

	£	s.	d.
Ordinary income ... ... ... ...	13,160	2	7
Extraordinary income ... ... ... ...	2,699	1	0
Total income ... ... ... ...	15,859	3	7
Expenditure ... ... ... ...	17,169	19	5
Balance being excess of expenditure over income ... ... ... ...	1,310	15	10

The first comparison of those figures shows the extraordinary increase in ordinary income from £13,160 to £23,313, equal to £10,000, surely a remarkable achievement in five years, and one which is almost entirely due to the success of the new policy of your Board of Management, which seeks to recover from the people who require the service of the Hospital sufficient income in the aggregate to maintain the Institution.

In the year 1927 Annual Subscriptions and the Parish and Workshop Organizations then in existence were responsible for the sum of £5,640. Last year these three headings of income alone were responsible for £13,064, the whole of which increase is entirely attributable to Parish and Workshop Organizations, which have increased year by year until last year they both exceeded the £5,000 mark.

Other sources of income have, of course, not increased proportionately with these three main headings. In fact, some of them have decreased. In every case, however, the reason for the decrease is the very obvious one: excessive taxation, financial stringency and the decreased spending power of the people.

On the expenditure side expenditure has also increased from £17,710 in 1927 to £22,015 in the past year. The reasons for this increase are two-fold. The first reason is the natural increased expenditure which follows increased activity, but the other reason, which is just as important, and, for that matter, just as obvious, is the fact that if the income of the Hospital in those days was only £13,000, development and all other sources of expenditure had to be curtailed, and, to a large extent, withheld because of depleted finances.

Turning back again to consideration of the finances of the Hospital for the past year, I am happy to report the new income record of £24,065 for the past year.

£20,000 of this total is recorded under the heading of **ordinary** income, **voluntary** gifts, which include Annual Subscriptions, Parish Committees, Workmen's Organizations, Donations, Anniversary Meeting, Infirmary Ball, the Rose Festival and Congregational Collections. In other words, income which is received from Voluntary Contributions from the people of Shropshire to the work of the Hospital, and to every person who has contributed to that happy result, I would extend the grateful thanks of the Board of Management.

The balance between that £20,000 and the total is the income we receive from services rendered to Military and Insured patients, to Road Accident cases, to patients, who, as non-contributors, have to pay something toward the cost of their maintenance, from Invested Property, and, finally, from Legacies. It is here interesting to remember that although in the year 1927, when the loss on the year's working was £1,300, the Infirmary received £2,699 as legacies, in the past year we only received £851 from that source, so that we are entitled to say that the income received is regular income, and is not increased by a large amount of extraordinary or non-recurring items.

On the expenditure side, I have to report that expenditure was higher in the past year than it has ever previously been.

Such a declaration needs careful qualification lest it should be thought that the improved financial position makes for any laxity in the careful control of your Hospital finances.

Let me say immediately that the control of the Finance and General Purposes Committee is no less vigilant now than previously, and there is no thought in the mind of any member of your Board of Management that waste or extravagance should be tolerated. It is, however, a fact, and a fact which I am very happy to proclaim, that we are not now starved for essential service and development.

This is the most important factor arising out of our improved financial position. Support such as we have received in the past few years from the County of Shropshire deserves in turn the most efficient Institution that your Board can provide for the services of the County, and we must, if we wish to be efficient, take advantage of this era of scientific development so that each new discovery as it is made becomes available for the people of the County for whom we cater.

If I had any appeal to make for a continuance of the support we have enjoyed, I would base that appeal on that one fact—that now we are succeeding, we must continue to succeed, but that we have a leeway to make up so far as development is concerned until

we can say truthfully, "We are as up-to-date as we can possibly be, and this Institution does offer the best service that is possible to the people."

We are now able to contemplate the future on those lines, without the dread of financial inability to carry out essential re-organization of services, and the development of essential Departments.

The expenditure for last year so far as the ordinary expenditure of the Hospital is concerned, is increased by about £600, and from a dissection of the accounts, the whole of this increase is found under the headings of Surgery and Dispensary, Drugs, Dressings, Bandages, Instruments and Appliances; under Domestic, for renewals to Furniture, Bedding, Linen, Hardware, Crockery, and washing and cleaning, so that it will be seen that expenditure has increased in the essential service of treating patients with actual drugs, appliances and goods for the maintenance of patients in Hospital. Other headings of expenditure which can be controlled show decreases for the past year—but we have again been compelled to spend £1,265 on two important works of a capital nature.

For some years past the domestic hot-water system had given a great deal of trouble and expenditure had to be met very frequently for renewals and repairs to the installation. Your Board made the decision last year to take out the old installation, which had given so much trouble, and to replace it with an entirely new copper installation. The cost of this work was £1,018, but it should certainly prove to have been wise expenditure, not only from the point of view of efficiency, but from the point of view of financial economy in the future.

Again we were able during the year to create an entirely new Department in the Hospital—an Electro-Cardiographic Department; the cost of the necessary apparatus for this Department was £246, certainly a large item of expenditure, but one which is essential to an efficient Hospital, and again one which was only made possible by the successful financial position we have enjoyed.

I feel compelled again this year to exhort all supporters of the Hospital not to become over-enthusiastic in the success of the past year, or to be lulled into a sense of false security.

It is certain that the Hospital has received support in the past year from many people who have often had to make personal sacrifice in order to help the work of the Hospital, and it is reasonable to suppose that those people, whilst willing to make sacrifices when times are bad, should be tempted to say, "Now that times are better, I can be excused if I no longer make sacrifices, as the Hospital can now do without my support."

If such an impression should be created by this report on a successful year, our success will immediately be turned into disaster, and we should be back again in the old position of anxiety for the future, and curtailment of service and development.

I would ask every supporter of the Hospital to remember that the success of the past year has only been possible through the support received from every single member of the community, who has given his utmost to maintain this County Hospital for the benefit of the people. The future of the Hospital depends entirely upon a continuance of the support we have previously enjoyed, and I would ask you not to slacken your efforts, but to be determined that the Hospital, now it has succeeded, should continue to succeed and go ahead year by year.

### **ANNIVERSARY SERVICE.**

The 185th Anniversary Service was held in S. Chad's Church on Sunday, November 20th, and resulted in the sum of £604 18s. 1d. being received in aid of Hospital funds.

The actual result of the Treasurer's appeal, and the collection taken in the Church was £504 18s. 1d., but the Trustees of the Lady Forester Trust gave the sum of £100 to the result of this service in memoriam of the late Lord Forester, the Treasurer for the previous year—an act of generosity which we acknowledge with gratitude.

In recording this item of income, your Board wish to express their grateful thanks to the Treasurer, the Rt. Hon. the Earl of Bradford, the Preacher, the Rt. Rev. the Lord Bishop of Lichfield, and the ladies and gentlemen who, in various ways, contributed to the successful result of this ancient ceremony.

### **INFIRMARY BALL.**

A serious decision in so far as it affected Hospital finances was made by the Infirmary Ball Committee last year when they decided, having regard to the times, not to hold the usual Infirmary Ball in the Music Hall.

Such a decision was very serious, when it is remembered that in the previous year the sum of £853 had been received, but fortunately the Hospital did not have to lose all that income, since Lady Crossley, on behalf of the Infirmary Ball Committee, made it her business to make a special appeal to patronesses for the support which they would ordinarily have given to the Ball. As a result, the sum of £239 was received, and, in addition a donation from the Shrewsbury Hunt Club was received of £164. To these two amounts must be added the sum of £28, the result of a Bridge Drive organised by Mrs. Becke, making a total income of £403.

Your Board of Management is very grateful to Lady Crossley, to the Shrewsbury Hunt Club, to Mrs. Becke, and to everyone who helped us thus to minimise the loss of income due to there being no Infirmary Ball in 1932.

## **HOSPITAL SATURDAY FUND.**

The association of Workmen's Contributing Organizations comprising the Hospital Saturday Fund was responsible last year for the receipt of the sum of £5,031 12s.

This is again an increase of £610 over the previous year—a fact which is the more remarkable when we consider that some two years ago workmen in the county were 100 per cent. organized.

Before the new financial policy of the Hospital was designed, the workmen of the county were organized, and in 1929 contributed £3,000 to the Hospital ; an increase of over £2,000 in so short a time is a magnificent achievement, and one which reflects infinite credit upon those associations of workmen in industry throughout the county who organize employees and members of staffs to contribute regularly to the funds of the Hospital.

It is also necessary to remember that this extraordinary increase is achieved in a time of acute industrial depression, and it is obvious that such a result has not been achieved without a great deal of work on the part of those responsible for the organization.

In addition to the income above reported from the contributory source, the Hospital Saturday Fund again undertook during the past year the organization of a most successful competition, which resulted in the sum of £550 received under the heading of donations.

This is the third competition organized by the Saturday Fund, which has raised in the aggregate £2,021 in three years. Another splendid achievement in addition to the contributed income.

## **HOSPITAL SUNDAY FUND.**

The Hospital Sunday Fund continues to give gratifying support to local Hospitals and Charities, although last year the receipt was, unfortunately, a little less than that received previously. Your Board of Management, however, assure the Clergy and Ministers of the Borough that their effort on behalf of the Hospital on Hospital Sunday is deeply appreciated.

## **CONGREGATIONAL COLLECTIONS.**

Your Board of Management regret to report that the income from Congregational Collections has again decreased during the year by an amount equal to £101.

The income from Congregational Collections has gradually decreased from £646 in 1929 to £403 in the past year, and a contributing cause of that decrease must inevitably be the decreased spending power of the people. It is also thought, however, that the development of the Hospital Contributory Scheme throughout the county might possibly be a factor.

With the development of the Contributory Scheme, it may possibly be felt that Letters of Recommendation are no longer necessary, and that it is consequently not necessary to contribute quite so generously.

If such an impression exists in the minds of the Clergy or any members of their congregation, I would remind them that there is still a great need for the resources of the Hospital which must be met from voluntary effort, and their generous support to-day is as necessary as in pre-contributory scheme days if the Hospital is to be efficiently maintained for the benefit of the suffering poor.

Whilst thanking the Clergy, Ministers and Congregations concerned very sincerely for loyal assistance again rendered the Hospital, I would make this appeal to them for a continuance of their support, which is so essential to the Hospital.

### **PARISH COMMITTEES.**

The story of the development of Parish Committees is one which should surely be written in large letters. There has been since 1922 a Parish Organization Scheme, but for various reasons the yield from the Parishes decreased from 1922 up till 1930, when we received the sum of £2,500 from this source.

With the new financial policy which was put into effect in 1931, the organization of the Parishes has gone ahead by leaps and bounds, and the income increased from £2,500 in 1930 to £4,492 in 1931, and again to £5,354 in the past year.

Here again it can be said that the new financial policy is responsible, but it must be remembered that it is comparatively simple for a Governing Body or Board of Management to formulate policy and to design a system, but the success of any policy or any system depends entirely upon the willing co-operation of those people who have to do the actual work in the actual districts. So far as our Contributory Scheme is concerned, it was designed by the Hospital; it has been carried out by public-spirited ladies and gentlemen in every town and village in the County of Shropshire with the result reported.

To every one of those ladies and gentlemen I extend the most grateful thanks of the Board of Management, and congratulation upon a magnificent achievement.

### **ALEXANDRA ROSE FESTIVAL.**

The Alexandra Rose Festival has been in the past the one opportunity taken every year for the Hospitals to combine as a whole, and to promote one common effort for a common cause, and as such, one would expect it to be the most successful effort of its kind, but the reverse must be written about the Alexandra Rose Festival.

The first year, 1928, was its most successful year, and the result of this annual appeal has gradually diminished year by year. The result, however, is still of considerable benefit to the Hospitals of the county, and last year the Infirmary received £346 as its share of the proceeds.

The official thanks of the combined Hospitals of the county have been conveyed to the many hundreds of ladies throughout the county who took up the work of selling roses for this Festival, but your Board of Management add their own thanks on behalf of the Infirmary for the amount received out of the proceeds.

### **SHREWSBURY CARNIVAL.**

The story of the Shrewsbury Carnival is one of triumph—1931, the first year of a Carnival in Shrewsbury under the present Carnival Committee, yielded £500—a good round sum to the Hospital, and we were all enthusiastic in proclaiming our congratulations and thanks.

Last year, however, this amount increased to £700, but, unfortunately, we cannot invent words to express more grateful appreciation than those used previously. We can only extend again our very grateful thanks on behalf of the suffering people of Shropshire to the members of the Shrewsbury Carnival Committee, whose unremitting toil in the summer months of the year is responsible for such a large contribution towards the work of the Hospital.

### **SUBSCRIBERS AND DONORS.**

If financial stringency and world-wide depression reflected anywhere in Hospital accounts, one would look for it under the heading of Annual Subscriptions, and although there is a decrease of £160 in the amount received last year, we are nevertheless extremely grateful to the large number of ladies and gentlemen in the County of Shropshire who have nothing to gain from the support they give to the Infirmary but the knowledge that they are helping some less fortunate person to get adequate medical and surgical treatment when such treatment is necessary.

Last year the Infirmary received £2,678 from Annual Subscribers, and your Board of Management would extend very grateful thanks for the help thus received.

It is necessary here also to say another word as to any false impression which may be given by the improved financial position of the Hospital. In making personal budgets these days, it is more a question of what must be left out than what might be put in, and I would appeal to ladies and gentlemen in the county not to blue pencil "Royal Salop Infirmary" when economies have to be made. It is unhappily a fact that the greater the depression the greater the need of a Voluntary Hospital, since unemployment and less wages mean less recreation and less nourishment for the people, and it is a duty upon every one of us to see that the service so urgently needed in these times is adequately provided.

## **DONATIONS.**

Donations are not a source of income which can be reckoned upon with any certainty, since they are the aggregate of a large number of spasmodic gifts to the Hospital, the result of Efforts, Whist Drives, Dances, Parades, Fêtes, Garden Parties, Bridge Drives, and the like, but we are fortunate year by year in receiving a fairly constant income under this heading.

To every supporter of the Hospital responsible for maintaining our income under this heading, on behalf of the Board of Management I offer grateful and very sincere thanks.

## **INFIRMARY POUND DAY.**

Our thanks are offered to Mrs. LLoyd-Oswell and to the Matron, Miss M. J. Bedingfield, for once again organizing the Annual Pound Day in aid of the Hospital.

A huge quantity of consumable goods is received year by year from this source, and a very gratifying sum of money as a contribution to the funds.

## **FETES, ENTERTAINMENTS, SPECIAL EFFORTS, ETC.**

Sincere thanks are due to those friends of the Hospital who regularly organize Football Matches, Entertainments, Whist Drives, Dances, etc., to the Visiting Committee for their bedside ministrations ; to Dr. R. L. E. Downer and members of the Nursing Staff ; Mr. Edwin Griffiths and party, and to other helpers who assist with the Christmas entertainments ; to Miss Edith Lloyd for again presiding at the organ in the Chapel ; to those who have organized "Pound" or "Gift" days ; to the ladies who voluntarily give their services week by week making bandages and other useful articles ; **to the members of the County and Borough Police for communicating with the relatives and friends in cases of serious illness** ; to the Proprietors and Representatives of the County Press for bringing before the public the work and needs of the Hospital ; to the members of Churches and Chapels who forward fruit and vegetables, etc., on the occasion of their Harvest Thanksgiving Services ; and to all those friends of the Hospital who have in many unrecorded ways assisted the work of the Institution during the past year.

## **SHROPSHIRE HOSPITALS' EGG COLLECTION.**

Our grateful thanks are also due to the Hon. Mrs. Lambart and members of the Shropshire Hospitals' Egg Collection Committee. 22,871 eggs were received last year. It is gratifying to note that the quantity of eggs received year by year from this source, together with the number received from Harvest Festival offerings, supply the entire need of the Hospital for eggs throughout the year.

## ROAD ACCIDENTS.

The amount received for the maintenance of road accident patients in Hospital during the past year is £258, an increase of £83 over the amount received the previous year.

The fact that I can report an increase in the amount received under this heading is to a certain extent satisfactory, but the amount recovered for the maintenance of road accident cases in Hospital is still only about 25% of the cost to the Hospital for treating these cases. Every Hospital in the Kingdom has expressed its disappointment with the operation of the Road Traffic Act, which promised so much, but has yielded so little, and your Infirmary, in common with every other Hospital, can only pin its faith to a Bill which is now before Parliament, which seeks to amend the disappointing Road Traffic Act, so that the victim of a road accident in future, as well as the Hospital, shall receive at law more equitable treatment than at present.

## MAINTENANCE OF PATIENTS.

The year 1932 is the second year of the operation of the Voluntary Contribution Scheme, and the heading, "Maintenance of Patients" is necessary, because there are still some people left in the county who depend upon the Hospital for treatment when they require it, but who are not sufficiently prudent to pay the small weekly contribution which would give them treatment free of cost when they came to the Hospital.

In 1931 we recovered from patients as contributions towards the cost of their maintenance the sum of £525, and in the past year the amount received under this heading is £589—an increase of £64 over the previous year.

There is a danger in reporting this item that supporters of the Hospital will feel that some hardship is inflicted upon poor people who depend upon the Hospital for treatment, but I would assure you again that every single case in which a patient is compelled to pay something toward the cost of his maintenance is reviewed each Saturday morning by the House Committee of the Hospital, who make sure that the declared policy of the Hospital is faithfully observed; "that those people who do not contribute regularly toward the funds of the Hospital shall be compelled to pay when they seek treatment, but that that compulsion shall never inflict financial hardship upon the poor person concerned."

The average amount received from patients is still very small: between 5s. and 10s. per week toward the total cost of £3 per week spent by the Hospital for their maintenance. The amount charged each patient depends entirely upon the ability of the patient to pay, and is never more than an amount which the House Committee of the Hospital consider that the patient can reasonably afford.

### **INVESTED FUNDS.**

An important decision was made by the Board of Management of the Hospital during the year on the recommendation of the Finance Committee, who considered that it was bad finance to pay more as bank charges on an overdraft than the Hospital received as interest on its investments, with the result that £6,000 worth of General Purposes securities have been sold to liquidate the Hospital's debt to its Bankers.

This is an important point to bear in mind when considering the present financial position of the Hospital ; although we are receiving sufficient income to maintain the Hospital, we have during the past five years sold a considerable part of our general reserve to liquidate the accumulated deficits of less prosperous years, and a responsibility on your Board of Management in the future is to make good that depletion of our reserve fund in addition to finding sufficient income for the ordinary maintenance of the Hospital.

### **VISITING STAFF.**

A very important development in the Hospital's service during the year was the creation of an Electro-Cardiographic Department.

The need for such a Department is well known to the medical profession outside as well as inside of the Hospital, and its installation cannot fail to increase the efficiency of the Institution considerably. Its creation, however, was only made possible by the presence in Shrewsbury of an expert in its manipulation, and we are happy to welcome Dr. C. Lawson Stote, M.R.C.P., to the Honorary Staff of the Institution.

Another alteration was made necessary to the Visiting Staff of the Hospital during the year by the resignation of Mr. W. Bailey Shields of his appointment of Honorary Dental Surgeon.

To fill the vacant appointment, the dental service of the Hospital was re-organized, and the establishment of Dental Surgeons has been brought up to the same complement as Physicians, Surgeons and Anæsthetists—namely, three.

In reporting the resignation of Mr. Bailey Shields, your Board of Management wish to put on record their appreciation of services rendered, and welcome as additions to the Honorary Staff of the Hospital Mr. G. B. Drury and Mr. R. E. Lloyd Jones, as members of the Honorary Dental Staff.

### **TREASURER AND DIRECTORS.**

At the Court of Governors held in November last Major Parker Leighton, M.P., was elected Treasurer for the ensuing year. At the same meeting the four retiring Directors, the Rt. Rev. the Lord Bishop of Stafford, Mr. L. E. Bury, Mr. Edwin Griffiths, and Mr. W. Norman Withers were re-elected members of the Board of Management.

Mr. J. L. Jellicoe, Mr. H. Bowles, Mr. C. Perry, and Mr. C. H. Bolton were re-elected members of the Board of Management to represent Workmen's Contributing Organizations, Mrs. Hayes, Mrs. Shaw, the Mayor of Bishop's Castle and the Rev. T. L. Carpenter were re-elected Representatives of Parish Contributing Organizations, Lady Stanier, Mrs. Swire and Mrs. LLoyd-Oswell, Representatives of Ladies' Auxiliary Committee, and Mr. Fred Withers, Representative of Friendly Societies.

Vacancies on the Special Board of twenty-five Governors of the Hospital were filled by the election of the Rt. Hon. Viscount Bridgeman, Mr. Councillor C. S. Woollam, Sir Henry Ripley, Major Trevor Corbet, and the Mayor of Shrewsbury in his official capacity.

### **MAINTENANCE OF BUILDINGS AND EQUIPMENT.**

The only large item of expenditure incurred on the maintenance of buildings and equipment during the year additional to the new hot-water installation, the Massage Department extension, and the Electro-Cardiographic Department reported elsewhere, is the amount incurred for the external decoration of the Hospital.

The age of the Hospital building, however, and for that matter, a large part of the Hospital equipment, is an ever-present problem, and one which entails the most careful supervision and management.

The experience of the past few years showing as it does the increasing demand on the services of the Hospital, and the high pressure put upon the various Departments of the Hospital to perform that service, suggests many problems for the urgent consideration of your Board of Management in the future.

It has been rightly said "that the Hospital which stands still had better close its doors," and believing that policy, your Board of Management will go forward determined to keep this Hospital in Shropshire in the forefront of British Hospitals.

There is no particular development of the Hospital service that I can indicate at the moment, except to remind you that many of our problems are acute, and will have to be solved in the very near future.

### **POLICY.**

In conclusion, may I make this final expression of gratitude on behalf of the Board of Management of this Royal Salop Infirmary to the many supporters of the Hospital for the support given during the year, and for the confidence reposed in the government of the Institution.

The Hospital to-day is a legacy from the eighteenth century, and, as such, is a sacred charge upon the people of the county to maintain it, and to administer it in the spirit which actuated the

founders : to provide the best possible medical and surgical service for those unfortunate people who are struck down by sickness and disease, and cannot afford the necessary curative treatment.

The report I have presented to you is surely sufficient evidence of the will of the people to maintain the Hospital, and of the effort made by the Board of Management faithfully to discharge their trust.

I can only say for the future that, with the continued support of the people of the county, your Board of Management will continue to administer the Hospital to the very best of their ability, so that the great tradition of the past 185 years can be handed on to posterity by this generation, with the knowledge that it has at least been maintained, and with the hope that it has been added to.

R. Donaldson Hudders

## LADIES' AUXILIARY COMMITTEE.

---

### EIGHTEENTH ANNUAL REPORT.

---

The reports of the Sub-Committees for 1932 show that the work done for the Infirmary by the Ladies' Auxiliary Committee continues to increase.

**LINEN LEAGUE.**—This Committee is especially to be congratulated on the year's work. The overdraft of £229 9s. 8d. at the end of last year, has been reduced to £33 13s. 10d. This has been brought about by the great care and economy exercised by the Matron, and also to the fact that the policy of buying linen sheets instead of cotton is beginning to justify itself. Requisition for replacement of sheets has been very much reduced.

The total sum received during the year was £378 4s. 9d., and articles given and bought amount to 837.

An American tea realised £48 3s. 6d.

New Vice-Presidents are :—

*Shrewsbury*.—Mrs. Astley-Weston, Radbrook.

*Church Stretton*.—Mrs. Burnyeat, Ragleth House.

*Ludlow*.—Mrs. E. B. Fielden, Court of Hill, Tenbury.

**HAMPER COMMITTEE.**—It is very satisfactory to find that in spite of the fall in prices the value of goods received under this scheme is slightly higher than last year. In addition to many parishes over thirty Women's Institutes have sent hampers. Several of them have included toys and dolls for the children. Almost weekly contributions are received from the W.I. Market Stall. Very grateful thanks are also due to the organisers of the Shropshire Hospitals Egg Collection.

The value of food received is as follows :—

	£	s.	d.
Gifts in kind ... ... ... ...	259	3	4
Vegetables ... ... ... ...	40	0	0
Shrewsbury Pound Day ... ... ... ...	105	8	9
Wellington Pound Day ... ... ... ...	11	14	6
Various Women's Institutes ... ... ... ...	1	2	6
Rorrington and Middleton Parish Hamper ... ... ... ...	3	6	0
<hr/>			
	<b>£420</b>	<b>15</b>	<b>1</b>

**TINFOIL.**—Foil continues to be brought and sent to the Hospital in large quantities. During the year six tons have been sold at £6 a ton, and about five tons are now waiting to be disposed of.

Although the price of foil has fallen considerably the collectors are asked not to relax their efforts. This waste product has already been the means of raising an appreciable sum for the Infirmary, and when prices rise will be of even greater value.

VISITING COMMITTEE.—This Committee has lost six members during the year: Miss Gibb, Mrs. Rodger, Mrs. Owen Davies, Mrs. Humphreys Roberts, Miss McLeod and Mrs. Shorland.

The following ladies have kindly undertaken to be visitors: Miss Campbell, Mrs. Astley-Weston, Mrs. Jackson, Miss Lloyd White, Mrs. Murrell (Coton Hill) and Miss Sandford. The Wards have been very regularly visited throughout the year.

ENTERTAINMENTS COMMITTEE.—It will be remembered that no Ball was held in January, 1932, but that this Committee sent out an appeal to the Patronesses of former balls. An excellent response was made to this appeal and the sum of £239 5s. 6d. was subscribed. Lady Crossley undertook to write personal letters to all the Patronesses, and very grateful thanks are due to her for her work.

A Bridge Drive was organised at the Infirmary by Mrs. Becke, and the sum of £28 12s. 9d. was raised by this effort.

YOUNG PEOPLE'S LEAGUE.—The Young People's League has an excellent report to give of its first year's work. The League has a total membership of 177, consisting of 53 vice-presidents, 79 members, and 45 junior associates.

A Children's Party, held at Condover Hall, made a profit of £5 12s. 6d., and a Dance at Onslow Hall was a great financial success, and a profit of £85 18s. 9d. was made.

The whole of the linen, etc., required for the Children's Wards has been supplied by the Young People's League.

Miss Phyllis Oldham has succeeded Mrs. Villar as chairman, Miss Guenilda Thursby Pelham is secretary, and Miss Balfour treasurer.

Two resolutions altering the rules of the Young People's League were passed by the Annual Meeting of the Ladies' Auxiliary Committee. The first permitted the enlargement of the Committee to twenty members, and the second increased the age limit for members and vice-presidents from twenty-five to thirty.

LADY DIRECTOR.—Mrs. Becke, who has acted as Lady Director representing the Borough of Shrewsbury for the past three years, retired, and was not eligible to stand again. Mrs. Lloyd Oswell was appointed in her place.

TERESA BERWICK, CHAIRMAN.

GWYNEDD LLOYD, Hon. SECRETARY.

*Dec., 1932.*

## X-RAY DEPARTMENT.

---

Report on work of X-Ray Department during past year:—

For Diagnosis by Roentgen Rays	...	...	2321
Skiagrams taken ...	...	...	4372
For X-Ray Therapy	...	...	1581
For Massage and Electro-Therapy	...	...	579

The prominent feature of the work in the X-Ray Department this year has been the increase in the number of patients referred for X-Ray Therapy. Recent work in this country and on the Continent has helped to stabilise technique and apparatus. This, in turn, has extended the scope and improved the results of X-Ray Therapy.

The number of patients attending the Massage and Electrical Departments again shows an increase over last year. In the report for the year 1931 reference was made to the pressure on the accommodation in the Massage and Electrical Department. The pressure has been relieved by the addition of a modern, well-lighted and well-ventilated structure to the present Department. The extension of floor-space and the additional accommodation in the Department have assisted materially the work of the Department. On the other hand, the full advantages of this extension are not likely to be felt until the essential remedial equipment has been added.

During the past year the Massage and Electrical Department of the Royal Salop Infirmary was recognised—after inspection—by the Chartered Society as a teaching department for the purposes of the Society's Diploma.

J. LAVELLE, M.B., Ch.B., D.M.R.E.,  
Hon. Radiologist.

## MATRON'S REPORT.

---

The health of the Nursing Staff during 1932 has been, on the whole, good, although infection amongst the Staff during the early months of the year added a little to our difficulties.

Only one change has occurred in the Nursing Staff during the year, and that was occasioned by the resignation of Miss M. B. Robertson of her post of Sister Tutor and Home Sister. Sister Robertson's resignation was due to her appointment to the important post of Area Organiser for the College of Nursing for the whole of Scotland, in which capacity we have the greatest confidence in anticipating her complete success. Sister Robertson was particularly successful as Sister Tutor to the Hospital during the period of her appointment, which success is more adequately illustrated by the examination results achieved by the Nurses during the tenure of her appointment.

Miss M. E. Lloyd has been appointed Sister Tutor and Home Sister in succession to Miss Robertson. Miss Lloyd was trained at the Middlesex Hospital, where she succeeded in securing the Premier Nursing Award in the form of the Farndon Gold Medal. In 1929 Miss Lloyd won the Cowdray Scholarship to King's College of Household and Social Science, which enabled her to take the full Sister Tutor's course of that College. Miss Lloyd comes to us direct from the Middlesex Hospital, where she was Sister-in-Charge of the Preliminary Training School for one year preceding her appointment to the Staff of the Infirmary.

During the past year 17 Nurses sat for the Final State Examination, and 21 Nurses sat the Preliminary State Examination ; 16 and 19 successes were obtained respectively—on the whole, a splendid achievement, and one which reflects credit upon the industry of the Nurses themselves, and on the skill of the Sister Tutor and other teaching Staff of the Hospital.

Grateful thanks are again due and very cordially extended to the ladies who meet each Tuesday morning in the Infirmary to make swabs and other dressings.

The assistance rendered in this way to the Hospital is very considerable, and we are grateful for the help thus rendered.

The entertainment of patients during Christmas time this year was undertaken by the Sisters and Nurses of the Infirmary, and the obvious enjoyment of their effort by the patients and friends of the Hospital must have been quite sufficient recompense to the members of the Staff concerned.

I would like to add my own thanks and appreciation to the members of the Nursing Staff concerned for this extra, although very enjoyable duty undertaken.

The Harley Memorial Medals were awarded to the following Nurses :—

*Gold Medal* : Nurse Rosaline Parrott.

*Silver Medal* : Nurse Mair E. Davies.

Considerable help has again been rendered the Hospital during the year by the Hamper Scheme, which has, in the aggregate, given a very large amount of produce to the Hospital.

The Women's Institutes of the County have again been very active in this scheme, and, of course, the produce received from Harvest Festivals in Churches and Chapels of the County has been very considerable.

The number of eggs received from the Shropshire Hospitals Egg Collection was 22,871, which number added to those received from Harvest Festival offertories, have proved sufficient to meet the entire need of the Hospital for eggs during the year.

The value of gifts received is as follows :—

## EXTRACTS FROM THE STATUTES

---

### PRIVILEGES OF GOVERNORS AND SUBSCRIBERS

- Statute* (7)—Every Annual Subscriber of 10s. 6d. or upwards shall be entitled to one Recommendation Ticket for each 10s. 6d. subscribed. All cases recommended shall be investigated in the manner laid down by the Board of Management, and the patient so recommended shall be medically examined by one of the Resident Medical Officers, or by the Physician or Surgeon for the week, who shall have power to admit the patient as either an in-patient or an out-patient as the nature of the case seems to require, or to decline the case as not admissible under the Rules of the Institution. A Recommendation Ticket is available during the year of subscription only, and benefit to a patient in respect of it shall not endure for more than eight weeks from the date of admission in the case of an in-patient, or twelve weeks in the case of an out-patient, after which the patient must obtain another ticket, if further treatment is necessary.
- Statute* (8)—Every Life Governor by virtue of a donation of £52 10s. od. or upwards shall be entitled annually to four Recommendation Tickets for each complete £52 10s. od. so subscribed, up to a maximum of twelve. All Life Governors appointed prior to this revision of Statutes shall enjoy the same privileges as heretofore.
- Statute* (9)—Every Temporary or Representative Governor shall be entitled annually to four Recommendation Tickets for each vote to which he is entitled under Statute 2.
- Statute* (10)—Every Clergyman or Minister of Religion who shall permit a collection to be made in his Church or Chapel for the Infirmary shall be entitled to two Recommendation Tickets for every £1 1s. od. received by the Infirmary from that source, up to a maximum of twelve Recommendation Forms.
- Statute* (11)—All subscriptions shall be due on the first January and payable in advance, and no ticket shall be issued to any subscriber whose subscription is in arrear, nor shall any ticket be available except during the twelve months for which it is issued.

### ADMISSION AND DISCHARGE OF PATIENTS

Patients other than urgent cases, shall be admitted and discharged every Saturday by the House Committee, who are authorised to use their discretion as to the admissibility of any patient.

No patients shall be admitted but such as are themselves unable to pay for adequate advice and treatment, and whose relatives are unable to make such provision for them.

All In-patients shall be discharged at the end of eight weeks from admission, unless the Physicians or Surgeons certify to the Board of Management that there is a probability of their being cured, or receiving relief within a reasonable time, and in that case they shall procure a fresh recommendation, unless the Directors see fit to dispense with this requirement. The Resident Surgical Officer shall report to the Board of Management all cases of In-patients remaining in Hospital longer than the specified eight weeks.

## ALPHABETICAL LIST OF ANNUAL SUBSCRIBERS.

Subscriptions are payable in advance on the first of January in each year.

It is particularly requested that any error of name, description, amount or locality, appearing in the List of Subscribers, may be communicated to the Secretary-Superintendent.

Cheques should be drawn in favour of the Royal Salop Infirmary, and crossed "Lloyds Bank Ltd., Shrewsbury."

The majority of the patients last year received free treatment by contributing regularly to the funds of the Hospital. Is there a collecting organisation in your district ? If not, write to the Secretary Superintendent for particulars.

# BANK ORDER FORM FOR SUBSCRIPTION

19

To \_\_\_\_\_ Bankers.

Please pay to Messrs. Lloyds Bank, Ltd., Pride Hill, Shrewsbury,  
for the Treasurer of the Royal Salop Infirmary, the Sum of  
and continue to pay the same on 1st January in each year on my behalf.

Two-  
penny  
Stamp.

Signature.....

Address.....

£ : : .

## FORM OF BEQUEST

I GIVE AND BEQUEATH to A.B. and C.D.  
the Sum of.....  
upon trust, and to the intent that they, or one of  
them, do pay the same to the Treasurer for the  
time being of the Royal Salop Infirmary, which  
said Sum of.....

I will and desire may be paid, free of legacy duty,  
out of my personal estate, and applied \*to the  
general purposes of the said Infirmary.

*\*For the perpetual Endowment of a Bed/Cot in the said  
Royal Salop Infirmary. The Bed/Cot to be known  
as the..... Bed/Cot.*

---

Property of all kinds, including Land, and Money lent on  
Mortgage, may, by the Mortmain and Charitable Uses Act, 1891,  
be left by Will to this Institution.

## **Important Notice**

---

The attention of subscribers is again directed to the regulation that no patients shall be treated, except such as are unable to obtain adequate treatment elsewhere, and for whom the gratuitous service of the Infirmary is, therefore, a necessity.

In order to avoid the risk of a fruitless journey, patients living at a distance (except in cases of accident or emergency) are requested to send to the Resident Surgical Officer statements by medical men as to the nature of their ailments, and not to arrive at the Infirmary until it has been ascertained that definite arrangements have been made for their admission.
